

August 14, 2020

Reeder Concrete, Inc.,

I would like to thank the RCI team for being a most valued and trusted Arlington ISD partner. You can always be counted on to deliver exceptional project planning, design, and construction.

The District has enjoyed working with RCI on some of our most challenging projects. From parking areas, to playgrounds, to streets and driveways, RCI understands the importance of working in an active learning environment and the need to keep school facilities open, operational, and safe. The RCI team has been willing to tackle the most complex projects – large and small. For RCI, it is all about customer service excellence!

RCI delivers again and again – completing projects on time and within budget. Your work is efficient, cost-effective and tailored to our specific needs. Your team of employees are professional, knowledgeable, and respectful, and they engage every challenge with concern and a sense of urgency.

We are excited to continue working with RCI on future projects as they have played an important part in significant facilities improvements for Arlington ISD. Thank you for helping us make a difference in the lives of our students and future leaders.

Sincerely,

A handwritten signature in blue ink that reads 'Wm. Kelly Horn'. The signature is written in a cursive style with a large, prominent 'H'.

Wm. Kelly Horn  
Executive Director of Plant Services  
Arlington Independent School District
